Adverse weather conditions and other emergency situations may make it necessary to cancel school, to delay the beginning of school, or to send students home early. Our transportation department is out early in the morning to check road conditions. They are in contact with neighboring school districts and the superintendent. The final decision is made by the superintendent.

Whenever it is necessary to delay or close school, notice will be communicated through TV channels 3, 8, 13, 17 and 41, radio stations WOOD and WBCH, and the district web site [www.tkschools.org](http://www.tkschools.org) or email through Honeywell Instant Alert.

### In the event of a two hour delay:

- There will be no a.m. preschool.
- Busses will pick up students two hours later than normal.
- All classes will start two hours later than normal.
- No morning breakfast will be served.

### In the event of school closings:

- A decision will be made early in the afternoon regarding contests, evening programs and practices.
- The public library and pool is closed during school delays and closings.

### Tornado Watch

- All students will be kept at school if the watch is issued during the school day. Students will be dismissed at the regular time on regular bus routes.
- All after school activities will be moved inside or cancelled if deemed necessary by the superintendent. Should the watch expire before the event is scheduled, it may be held.

### Tornado Warning

- Students will be instructed to take shelter within the building until the ALL CLEAR is signaled.
- All after school activities will be cancelled.

Greetings from the Superintendent's Office!

The start of the 2011-12 school year is just around the corner and we are very excited to get started! Our first day with students this year is Tuesday, September 6 and our Kick-Off day for all staff is scheduled for Tuesday, August 30.

It's been a quick and hectic summer. We have made adjustments to new building leadership at Page and Lee, and the remainder of our staffing is in place to begin the year. Many teachers and support staff were very busy spending time updating skills to get ready for the school year. We have made the adjustments necessary to address the financial challenges schools are facing and we are ready to again give our kids an outstanding educational experience.

It doesn't seem possible, but we spent the first summer in three years not involved in a major building construction project. Two small projects we did complete were roof repairs on the Math/Science wing of the high school, along with replacing the concrete walkway on the west side of the football stadium. Everyone should be very proud of the top notch facilities we now have for the students of our district.

We are continuing to work on constructing our district-wide "Curriculum Map." Last year, teachers continued their hard work and we will be moving to the next step of this important process this year. When this process is complete we will have a system in place that will greatly enhance our ability to serve the needs of our students and improve the quality of instruction at TK for years to come.

My wife, Sandy, and I continue to love being part of this school district and community. We sincerely appreciate the kind words and hellos we receive from everyone. The friendly, caring atmosphere here is everything we hoped for when we moved here four and a half years ago. We are very blessed.

Thornapple Kellogg's focus continues to be providing an excellent education for all of our children. One the greatest contributing factors to the success of this district has been the outstanding quality of the certified and support staffs who work with our students every day, along with the close partnership that has been developed between the school district, parents and community. We are deeply committed to those relationships and feel a tremendous responsibility to make the most of the great opportunities we have ahead of us.

Have a great year everyone!

Sincerely,

Gary Rider

## Greetings from Tom Enslin Assistant Superintendent

As Gary Rider and I prepare for our fifth full year together in central office, it's amazing how different each year has been from one to the next. For me, last year couldn't have been any more unique given my unique roles in response to budget constraints. One year later, however, I am grateful for the experience in my dual roles as both assistant superintendent and Page Elementary principal. Thankfully, we are fortunate enough to hire back the full-time principal positions at both Lee and Page, and we look forward to all of the great things both Angie Jefferson (Lee) and Mike Gelmi (Page) will be doing on behalf of our students.

Coming back this year in a full-time role as assistant superintendent is exciting for me, and first on my plate is planning for the transition to the state's newly adopted standards. Referred to as the Common Core, these standards are shared with 47 other states, and will ultimately lead to a common assessment as well. Over the course of this school year, staff will be comparing and contrasting existing standards to the Common Core, and will also begin teaching at least some of

these standards. Full implementation does not occur until the following school year (2012-2013). The state will provide all school districts with a new (and common among the 48 states) assessment in time for the 2014-2015 school year.

While much of our professional development time will be devoted to the Common Core, we will also continue to collaborate and plan based on our students' achievement data. Once again, our MEAP and MME scores were very good as we continue to perform in the top third of the over 20 schools in Kent and Barry counties. Staff will be reviewing this data this fall and responding to the needs of our students, as a result. We also use a great deal of locally created common assessments in each of the core areas to help us determine teaching and intervention strategies. We remain committed to personalizing our students' education with quality instruction that will encourage personal growth in each of our students.

## Student Directory Information

The Family Educational Rights and Privacy Act require that Thornapple Kellogg Schools, with certain exceptions, obtain parental written consent prior to the disclosure of personally identifiable information from your child's education records. Thornapple Kellogg may disclose appropriately designated "directory information" without written consent, unless you have advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow Thornapple Kellogg Schools to include this type of information from your child's education records in certain school publications, e.g., play/musical program, yearbook, honor roll or other recognition lists, graduation program and sports activity sheets.

Directory information can also be disclosed to outside organizations without a parent's prior written consent. In addition, two federal laws require local educational agencies to provide military recruiters, upon request, with three directory information categories - names, addresses and telephone listings - unless parents have advised the school that they do not want their student's information disclosed without their prior written consent.

Thornapple Kellogg has designated the following information as directory information: student name, address, telephone number, date and place of birth, major field of study, participation in school activities and sports, height and weight of athletic team members, dates of attendance, date of graduation, awards received, honor rolls, scholarships, and school photographs or videos of students participating in school activities, events or programs.

If you do not want Thornapple Kellogg to disclose directory information from your child's education records without your prior written consent, you must notify the District in writing by September 23, 2011. An opt-out form will be sent home to every parent that may be returned to your child's school.

All forms must be completed and returned to the Administration Building within 90 days of any accident/injury. # SCHOOL POLICIES

## Notification of Rights under FERPA for Elementary and Secondary Schools

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age (“eligible students”) certain rights with respect to the student’s education records. These rights are:

(1) The right to inspect and review the student’s education records within 45 days of the day the School receives a request for access.

Parents or eligible students should submit to the School principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The School official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

(2) The right to request the amendment of the student’s education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student’s privacy rights under FERPA.

Parents or eligible students who wish to ask the School to amend a record should write the School principal (or appropriate school official), clearly identify the part of the record they want changed, and specify why it should be changed. If the School decides not to amend the record as requested by the parent or eligible student, the School will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

(3) The right to privacy of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the School has outsourced services or functions it would otherwise use its own employees to perform (such as an attorney, auditor, medical consultant, or therapist); a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the School discloses education records without consent to officials of another school in which a student seeks or intends to enroll. [NOTE: FERPA requires a school district to make a reasonable attempt to notify the parent or student of the records request unless it states in its annual notification that it intends to forward records on request.]

(4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the School District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office  
U.S. Department of Education  
400 Maryland Avenue, SW  
Washington, DC 20202-5901

## Non-Discrimination Policy

The Thornapple Kellogg Board of Education does not discriminate on the basis of religion, race, color, national origin, sex, disability or age in its programs, activities or employment. It is the policy of this District to provide an equal opportunity for all students, regardless of gender, religion, race, color, national origin or ancestry, age, disability, marital status, place of residence within the boundaries of the District, or social or economic status, and/or any other legally protected characteristics, to learn through the curriculum offered in this District.

Any person who believes that s/he has been discriminated against or denied equal opportunity or access to programs or services may file a complaint, which shall be referred to as a grievance, with the District’s Civil Rights Coordinator:

Tom Enslin  
10051 Green Lake Road  
Middleville, MI 49333  
269-795-5522

## Thornapple Kellogg Schools Asbestos Hazard Emergency Response Act (AHERA)

The Environmental Protection Agency (EPA) requires that district employees and their building occupants receive notification about asbestos related activities such as the Management Plan and any upcoming abatement activities. Our Management Plan (including inspection reports) is kept in the office of Shawn Hayward, Operations Manager of TK Schools, and is available for review upon request. Please contact Shawn Hayward, 269-795-5535, with any questions.

## PPRA Notification

The Protection of Pupil Rights Amendment (PPRA), 20 U.S.C. § 1232h, requires Thornapple Kellogg Schools to notify you and obtain consent or allow you to opt your child out of participating in certain school activities. These activities include a student survey, analysis, or evaluation that concerns one or more of the following eight areas (“protected information surveys”):

1. Political affiliations or beliefs of the student or student’s parent;
2. Mental or psychological problems of the student or student’s family;
3. Sex behavior or attitudes;
4. Illegal, anti-social, self-incriminating, or demeaning behavior;
5. Critical appraisals of others with whom respondents have close family relationships;
6. Legally recognized privileged relationships, such as with lawyers, doctors, or ministers;
7. Religious practices, affiliations, or beliefs of the student or parents; or
8. Income, other than as required by law to determine program eligibility.

This requirement also applies to the collection, disclosure or use of student information for marketing purposes (“marketing surveys”), and certain physical exams and screenings.

Thornapple Kellogg Schools will provide parents, within a reasonable period of time prior to the administration of the surveys and activities, notification of the surveys and activities and be provided an opportunity to opt their child out, as well as an opportunity to review the surveys. (Please note that this notice and consent/opt-out transfers from parents to any student who is 18 years old or an emancipated minor under State law.)

## Pesticide Advisory

Thornapple Kellogg Schools has adopted an Integrated Pest Management program. Inherent with this are the District’s efforts to reduce pesticide use as much as possible. While it may be necessary to apply a pesticide, these will only be used as a last resort. This program does not rely on routine pesticide applications to resolve problems. We use various techniques such as habitat alteration, sanitation, mechanical means, exclusion, etc. to prevent pests from becoming a problem.

You will receive advanced notice of the application of a pesticide, other than bait or gel formulations at your child’s school. This advance notice of the application will be given 48 hours before the application. The law requires us to do this notification by using two methods. The first method required by the law is the posting at primary entrances to your child’s school (primary entrances to the building from the parking lots). The second method we are going to use is the posting in a common area located by the main office of the school. Parents are also entitled to receive this notice by first-class United States mail postmarked at least 3 days before the application. If you would like to be notified by mail please contact the Operations Department at 269-795-5535. Please give the Operations secretary your name, mailing address and what school your child attends, or simply mail the information to TK Schools Operations Department, 3625 Bender Rd., Middleville, MI 49333.

In an emergency (for example, bees nest), pesticides may be applied without prior notice, but you will be provided notice following any such application.

You may review our IPM program or pesticide application records for your child’s school by contacting Roxanne Potter, District Operations Secretary at 269-795-5535 (e-mail [rpotter@tkschools.org](mailto:rpotter@tkschools.org) or [shayward@tkschools.org](mailto:shayward@tkschools.org)).

## Expulsion Law

In compliance with State and Federal law, the Board shall expel any student who possesses a dangerous weapon in a weapon-free school zone or commits either arson or criminal sexual conduct in a District building or on District property, including school busses and other school transportation. A dangerous weapon is defined as a “firearm, dagger, dirk, stiletto, knife with a blade over three inches in length, pocket knife opened by a mechanical device, iron bar, or brass knuckles” or other devices designed to or likely to inflict bodily harm, including but not limited to, air guns and explosive devices. The term “firearm” is defined as: a) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of the explosive, b) the frame or receiver of any such weapon, c) any firearm muffler or firearm silencer, d) any destructive device.

The Board shall permanently expel a student in grade six or above if that student commits physical assault at school against a District employee, volunteer, or contractor. The Board shall suspend or expel a student in grade six or above if the student commits verbal assault at school against a District employee, volunteer, or contractor or makes a bomb threat or similar threat directed at a school building, property, or a school-related activity.

Dave comes to TK from Allendale High School where he had a long tenure as a teacher/coach and for the last 19 years as their MS/HS Athletic Director.

A graduate of Grand Valley State University and former Laker baseball player, Dave has coached football, basketball, baseball, and volleyball in the past and still enjoys golf, biking, skiing, hunting, fishing, traveling, spending time with family and friends, in addition to watching kids play sports!

He currently lives in Byron Center with his wife (Sharon) and has two boys (Eric-26 who lives in New Jersey, Mark-23 who lives in Houston).

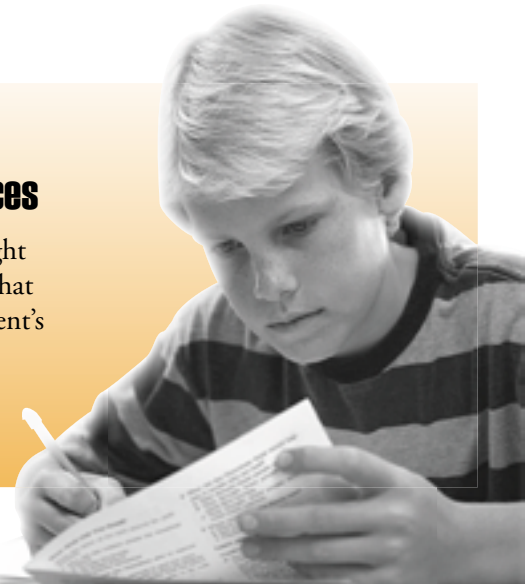

Dave is very excited to join the TK Trojan Team and can’t wait to meet all the great kids and loyal fans in Middleville.

### Parking Permits

In an effort to promote safety and security for our entire school community, it is required for all students who drive to school to register their vehicle with the high school office during the first two weeks of school. Upon doing so, students receive a **free parking** permit that must be displayed on the rear view mirror.

Students need to complete this process by Friday, September 23, 2011. Students who are not registered will risk having their car towed and permits will not be issued after that date, except for newly enrolled students and students who are beginning to drive after that date.

Parents, please check with your student to assure he/she has properly registered their car.

# TK COMMUNITY EDUCATION

## Community Use of School Facilities

The Operations Department oversees all facility use/rentals in the district including the pool, auditorium and gymnasiums. We use the EMS software to streamline this process. Gyms, cafeterias and the auditorium are popular facilities and it may be difficult to schedule these rooms. Be aware that there is an application fee for all community group reservations. Other fees may be assessed. If you or your organization would like to use school facilities after the regular school day and/or after scheduled athletic events, please follow these procedures:

- Fill out a facility use application form that is available in all building offices, the Operations Office or online at [www.tkschools.org/departments/operations](http://www.tkschools.org/departments/operations).
- To check room availability, check the web site at [www.tkschools.org/ems/](http://www.tkschools.org/ems/). Select browse and browse events. There will be a master calendar for you to view. Scheduled events are listed on this calendar.
- Submit applications **at least one week prior (two weeks if you are requesting the pool)** to the event to the Operations Department located in the Mike Bender Service Complex. You can drop it off in person; mail it to TK Schools Operations Department, 3625 Bender Rd., Middleville, MI 49333; or scan and email it to [rpotter@tkschools.org](mailto:rpotter@tkschools.org).
- The Operations secretary will check the master calendar, schedule the event and enter the event onto the EMS calendar. Applicants will receive a signed reservation confirmation letting them know the event is officially scheduled.

School groups are given priority when scheduling events. For some events or groups a fee may be assessed and a custodian may have to be hired. Groups reserving the facilities are obligated to pay these fees and custodial wages.

It is important that the applicant note any special arrangements or requests on the facility use application. TK staff will do their best to help with facility set up as requested. The applicant is the responsible adult and must be present for the entire event. The applicant is responsible for cleaning up after the event.
