
WHAT'S NEW IN THE TECH WORLD

Staying on top of it all

- Communication
- Sharing of information
- SharePoint – websites and teamsites
- Instant Alert
- New thoughts on social networking
 - Facebook - Groups and Pages
 - Twitter
 - Second Life – see an example

Google (of course)

- Google Phone - <http://www.google.com/googlevoice/about.html>
 - Video
- Google for educators - <http://www.google.com/educators/index.html>
 - <http://www.google.com/educators/tools.html>
 - <http://www.google.com/educators/activities.html>
 - Contests – Page students
- Google Videos, teacher tube and youtube
- Knol (beta) - <http://knol.google.com/k>
- Goog-411 (1800-466-4411) - <http://www.google.com/goog411/index.html>
- Side Note (something Briggs should consider) – The Google Work Environment
 - <http://www.kaushik.net/avinash/2008/02/10-insights-from-11-months-of-working-at-google.html>

New @ TK

- Construction – Field Trip
- Projectors
- Sound System
- Avermedia (demo)
- Windows 7
- PowerSchool – PowerTeacher – PowerParent

In the classroom

- E2020
- Webmath.com, math.com

What are your thoughts? Where “should” we be going? What do you need from us?
