

Attention high school students, parents, and staff: Thornapple Kellogg High School now has a Paper Gator recycling receptacle. It is here for us all to use and will help our school raise money for Athletics and our Environmental Action Club. Please help support our school by bringing papers and phone books from home and by recycling your school papers when you are done with them. Our bin is emptied every couple of weeks, and anyone in the community can use it to recycle paper. The Paper Gator is located near the stadium concession stand. Please help our school and do your part to make the world a better place by recycling with TKHS' Paper Gator.

What can go in the bin?

Newsprint

Catalogs/Magazines
