

PowerParent Portal

Provides real-time access to your student's grades, attendance, assignments and more

Once you've logged in to PowerSchool, you will see a toolbar that looks like:

Click on the PowerSchool logo at anytime to return to the home page.

Click "**Grades and Attendance**" to:

- View absences and tardies (click to see the dates)
- Send an email to a teacher (click on their name)
- View grades
- See the assignments for a class (click on a grade)

Click "**Grades History**" to see grades your student earned earlier at this school.

Click "**Attendance History**" to view attendance for the whole trimester.

Click "**Email Notification**" to request emails from the school:

- Select "Summary of Current Grades and Attendance" to request a summary report
- Select "Detailed Reports of Assignments" to see all the assignments for all the courses
- School Announcements is not active at this time
- Balance Alert is not active at this time
- For "How Often" select the frequency of the reports
- Select "Send Now" for an immediate email update
- Put in as many email addresses as you wish (separated by commas.) Each recipient will receive the notifications

Click "**Teacher Comments**" to observe the comments teachers have posted for your student.

"**School Bulletin**" is not active at this time.

"**Access Logs**" curious as to when you (and/or your student) access the ParentParent Portal?

"**Balance**" may be active or will be in future.

"**Demographic Change**" a really important location that allows you to make sure all of your information in the system is accurate AND allows you to correct it online. Please keep your information up-to-date.

"**Discipline**" allows you to track that sort of thing.

"**Schedule**" shows you your students class schedule and their teachers.

"**School Information**" important phone numbers, addresses, names and email addresses.
