

McFall Elementary School Construction Update

Over spring break the planned improvements to McFall will begin. When we return from break our lunchroom and kitchen will be closed for remodeling and site work for two new classrooms on the west end of the first grade hallway will be started.

Student Safety

We have been meeting with the construction team to plan for the safety of our students. Temporary fencing will be installed over spring break that will keep the students out of the work area and the workers and heavy machinery away from the students. Students will be able to safely watch some of the construction process from their side of the fence. A temporary exit will be installed at the west end of the first grade hall to give students access to the playground. After school is dismissed for the summer, the playground and the existing first grade rooms will also receive improvement work.

Student Lunches – In the Classrooms

Our food service department is planning on serving lunches in the classrooms. A special menu is being developed to help in making this plan successful. Sack lunches will be offered initially and once we get the schedule worked out a hot tray lunch option will be added. All

lunches will meet the nutritional guidelines that have been established for TK schools. We will have staff members in the classrooms during the lunch times but would welcome parent volunteers to assist in the process. If you are interested in helping out on any days, please contact your child's teacher or the office.

Lunch Schedule

- 11:00: Mrs. Hauschild, Mrs. Kennedy, Mrs. Weibel and Mrs. Young
- 11:25: Mrs. Erb, Mrs. Griffith, Miss Kermeen and Mrs. Sevald
